Nowasys – Company Profile

About Nowasys

Nowasys is a global technology company helping businesses become data-driven and AI-ready.

We build scalable data systems, analytics solutions, AI automation, and digital transformation frameworks.

Founder Story – Adnan Tariq

Adnan Tariq founded Nowasys with a mission to make advanced data and AI accessible for every business.

With 20+ years of experience across the US, UK, and Europe, he has led large-scale data programs,

built platforms processing 1B+ rows/day, and managed 1235 TB of enterprise data.
